FORMERLY THE ARLINGTON
COMMUNITY TEMPORARY SHELTER

2005 ANNUAL REPORT

Doorways for Women and Families

FORMERLY THE ARLINGTON COMMUNITY TEMPORARY SHELTER (TACTS)

Since its founding 25 years ago, Doorways for Women and Families has grown to become one of Northern Virginia's leading service providers and advocates for victims of homelessness, violence, abuse, and a range of related situations and risks to healthy, vibrant living.

While advocating for the needs of the most vulnerable in our community, Doorways offers hope by providing shelter and housing, support and advocacy, financial literacy and essential life skills. Our therapeutic, preventive and educational services lift those we serve to a place where they are capable of making their lives more self-reliant.

25
YEARS

Making A Greater Difference

“Never believe that a few caring people can’t change the world. For, indeed, that’s all who ever have.”

—Margaret Mead

Dear Friends,

I chose this quote as a tribute to the dedicated people, particularly the 13 founding directors*, who established TACTS (The Arlington Community Temporary Shelter) twenty-five years ago with the vision and determination to address problems of homelessness in Arlington. Over the years, the shelter they started in a donated house has evolved into a vital human services agency deeply rooted within our community. Today we provide supportive services not only for people who are homeless, but also for victims of domestic violence, women in poverty, the working poor and parents struggling to make ends meet.

While the year 2005 was marked by the celebration of our 25th anniversary, it was more importantly one in which we achieved major progress in all aspects of our work by:

- Launching a new Court Companionship and Advocacy Program
- Doubling the reach of our Transitional Housing Program
- Designing a dedicated program to meet the unique needs of children
- Developing an effective Financial Independence Track Program
- Initiating a new outreach effort that trained hundreds of volunteers

We also adopted our new name in 2005. “Doorways for Women and Families” was chosen to reflect our expanded reach and our core commitment to helping the most vulnerable rebuild their lives and restore hope.

We could not achieve this vision without the caring people and institutions in our community who support our work today. We look forward to our continuing these partnerships and to building on our significant progress in “Making a Greater Difference” in Northern Virginia.

In peace,

Linda Dunphy, MSW

Executive Director

*Doorways honors our original 13 Founding Directors: Anna Barber, John S. Bottum, Carl Renick, Wayne Buckle, Morrison Bronson, Rosalie L’Ecuyer, John S. Barry, Charles David Crocker, Helen La Mont, Mary Hibbits, Amanda Ellis, Ray Shultz, and Emery Hackman, Jr.

PAM’S STORY

Family violence fueled by substance abuse was the root cause of Pam’s homelessness, and her drive to reunite her family brought her to Doorways for Women and Families. When Pam arrived at our Safehouse, she was unemployed. Her son was in foster care. Her daughter, also a drug abuser, lived in a state residential treatment facility.

With our help, Pam was accepted into an award-winning job training program. She is now employed full-time and earning a much higher wage. She has been active in a relapse prevention program and is studying to become a substance abuse counselor herself.

Pam’s story illustrates how Doorways addresses not only the symptoms but also the root causes of family homelessness, putting women and their families on a path to self-sufficiency.

Strengthening Our Comprehensive Programs For Women And Families

Significant progress was made in all facets of our work this year. Our accomplishments go to the heart of our efforts to provide a strong, effective continuum of care that extends from the time of crisis, through a recovery period and into a new phase when lives are rebuilt and hope is restored. With the help of our partners, volunteers and contributors, we made a greater difference for the most vulnerable within our community.

PROVIDING SAFE HAVEN FROM DOMESTIC VIOLENCE

Our Safehouse Program aids women and their children who are fleeing domestic violence by providing the immediate security of a confidential, 11-bed shelter, the compassion and support of emergency hotline counselors and the assistance needed to face a daunting court system and gain critical protection from one's abuser.

2005 Accomplishments

- Served 87 women and children residing in the shelter for an average of 20 days, for a total of approximately 3,000 bed nights.
- Responded to more than 2,000 calls on our 24-hour domestic violence hotline.
- Provided more than 1,800 hours of counseling to adult victims of domestic violence.
- Launched our new Court Companionship and Advocacy Program and provided 1,840 hours of critical assistance to survivors of domestic violence as they navigate complex court and legal proceedings.
- Provided financial planning, employment, childcare and other resources that assisted 91% of the women we served to seek new, healthy living arrangements.

SHELTERING HOMELESS FAMILIES

For the working poor, the unemployed and many other vulnerable groups, homelessness is a perpetual threat. Our Emergency Family Shelter Program strives to ensure that entire families remain together when hit by homelessness.

2005 Accomplishments

- Served 44 families residing in the shelter for an average of 41 days for a total of approximately 4,500 bed nights.
- Met all of our clients' basic necessities of nutritious food, clean clothing and bedding, and transportation.
- Secured mental and physical health services for over 90% of clients.
- Helped 3 out of 4 shelter residents find permanent or transitional housing.
- Encouraged 98% of adult clients during their shelter stays to participate in individualized goal planning and facilitated their access to childcare, schooling, employment and other support services.

MAKING THE TRANSITION TO A PERMANENT HOME

Our supportive Transitional Housing Program served a record number of clients this year – a result of our efforts to revitalize and expand services designed to help clients live independently after leaving our shelters.

2005 Accomplishments

- Served twice as many people and enrolled 15 families consisting of 18 adults and 34 children, while delivering more than 300 supportive home visits.
- Experienced a second consecutive year of highly successful performance outcomes with families facing multiple serious challenges:
 - 100% of participating families paid rent on time.
 - 100% of able adults obtained at least part-time employment, with four participating in needed education or training.
 - 100% of children in the program were linked to a healthcare provider and assessed for mental health needs.
 - 100% of school-aged children attended school regularly and 96% participated in recreational or extracurricular activities.
- Connected families to more than 50 community agencies for support services.
- Secured new base funding for the program in the form of housing grants from Arlington County.

BUILDING LEADERSHIP

This year we took the first steps toward expanding our capability to serve a growing need within our community by launching a project to rebuild our shelter. In 2006, the existing 60-year-old structure will be demolished and replaced with a modern 7,200-square-foot dormitory building that will offer a safe, home-like environment and supportive services. The new shelter will increase resident capacity from 16 to a maximum of 21 residents.

The new facility will be constructed through in-kind contributions of labor and material from NVHomes, one of Virginia's largest homebuilders, in partnership with HomeAid of Northern Virginia, the charitable arm of the Northern Virginia Building Industry Association.

Additionally, the Freddie Mac Foundation, a long-time Doorways supporter, has committed a lead grant of \$500,000 toward the \$2.2 million shelter rebuild project. This is the largest private donation ever received by Doorways. We are grateful to Freddie Mac, NVHomes, and HomeAid for their amazing contributions.

In Their Words...

"The [Doorways Financial Independence Track] educator helped me see that if I didn't tackle my credit and pay attention to my money, I'd never be able to move ahead on my own. With her help, we made payment plans with my creditors and got some good credit under way. It finally sunk in. If I don't pay my bills and housing first, nothing else will matter and I'll never be independent like I want to be."

—A Financial Independence Track Client

"I was just getting over being homeless and felt really alone. [The Doorways Family Resource Specialist] gave me someone to talk to and for the first time in my life, to open up to about my feelings and needs. I feel a lot of confidence now and am no longer ashamed if I need to ask for help sometimes."

—An Emergency Shelter and Transitional Housing Client

GAINING FINANCIAL INDEPENDENCE

Victims of domestic violence are often discouraged by their abusers from obtaining the skills and education needed for employment and good financial status. Most of our clients do not understand the basics of personal finances. In response, we developed a uniquely personalized Financial Independence Track (FIT) resource. The FIT program empowers clients to restore their credit and gain new confidence in their ability to manage their financial affairs.

2005 Accomplishments

- Expanded the FIT program to begin in the shelter and continue at the clients' homes after experiencing impressive measurable results in the program's first year.
- Served 56 families, offering 134 individual financial counseling sessions focused on money management, debt management, and resources for future financial needs.
- Helped 12 clients save over \$5,000.
- Assisted 100% of clients in gaining awareness of the difference between primary expenses and nonessential expenses.
- Helped 68% of clients to track their expenses and engage in less impulsive spending and all to complete their own budgets.
- Encouraged half of the families to regularly revise their debt plans, with 75% achieving measurable debt reduction.

MEETING THE UNIQUE NEEDS OF CHILDREN

Although adults receive the majority of our services, children represent the largest and most vulnerable population served by Doorways. This year we launched a dedicated "Children's Services Program" to address the serious problems of violence, trauma and chronic family disruption faced by children and to prevent their unique needs from being overshadowed by those of adults.

2005 Accomplishments

- Served 129 children, most 12 years old or younger, and ensured that all participated in our educational, recreational, and/or therapeutic services.
- Offered 950 hours of counseling to children.
- Ensured that 90% of the children attended school.
- Prepared 56 children for school by providing backpacks and other needed school items through our Back-to-School Supply Drive.
- Developed an Initial Health Screen for all children entering our shelters to monitor and address their immediate health needs.
- Connected 65% of enrolled children to mental health and family counseling.
- Secured partial dedicated funding for a children's specialist position.

Providing A Vital Service To Our Community

We made great strides this year in further engaging the community to advocate for the most vulnerable.

2005 Accomplishments

- Initiated a new volunteer training program that helped 350 volunteers provide more than 2,400 hours of service.
- Provided key leadership that helped establish the Arlington Non-Profit Network, an association dedicated to assisting and strengthening the effectiveness of human service agencies in Arlington.
- Spearheaded the push for an Arlington County-wide needs assessment for a coordinated domestic violence plan and provided key leadership to formulate a 10-year County plan to end homelessness.
- Educated our community about domestic violence and prevention through county-wide presentations, public awareness mailings and activities such as the Clothesline Project and our Candlelight Vigil during Domestic Violence Awareness Month in October.
- Redesigned our Dinner with Friends program which brings current and former shelter residents together regularly for a social and educational evening. With the help of 45 volunteers and our partners, Clarendon United Methodist Church, we provided 180 regularly participating parents and children with vital life skills and opportunities for friendship and support.

TAMMY'S STORY

Tammy was running out of money. She had been living in a hotel with her children for three months after their father died and was forced to move from the home they shared. After calling many shelters, she learned that Doorways had space where she and her children could stay together.

A few months later Tammy's family moved into a rent-subsidized apartment with assistance from the Doorways Transitional Housing Program. Through an assessment of her needs, Tammy was diagnosed with a significant learning disability, as were both of her children. The family received specialized care and within a year had stabilized greatly. Tammy got a great job that she loves in the retail field and was able to move her family into their own 3-bedroom apartment.

Tammy says, "My kids feel more relaxed and their grades have improved because they're in one spot." They can focus on school and not worry about picking up and moving again. Everything is falling into place."

Giving Hope

We are so grateful for the special financial support of individuals, corporations, civic groups, faith-based organizations and foundations. Private contributions account for nearly 70% of our annual budget. Due to space restrictions, only contributions in excess of \$250 are listed, however, we thank everyone who gave generously in fiscal year 2005 (July 1, 2004 – June 30, 2005).

MATRIX GROUP INTERNATIONAL

A production team from Matrix Group International, the Internet solutions company created our wonderful, user-friendly website (www.doorwaysVA.org) and designed letterhead, business cards, and other printed materials to include our new logo. In recognition of their generous efforts, we have chosen the Matrix Group International to be the 2005 recipient of our Community Advocate Award.

HOGAN & HARTSON

Vitally needed legal services valued at almost \$50,000 were provided pro bono by Hogan & Hartson. These services enabled Doorways to complete a wide range of important activities such as financing the emergency shelter rebuild, developing personnel policies, researching and adopting our new name, and implementing contracts and leases. Thank you!

MOTHERS OF NORTHERN ARLINGTON (MONA)

Thanks to the Mothers of Northern Arlington (MONA), the Safehouse shelter's closets and storage spaces have been reorganized and the children's room was transformed into a cozy retreat. This dedicated women's group has helped in innumerable ways and we saluted MONA's donation of time, resources and energy with our 2005 Group Unsung Hero Award.

SARA GIROVASI-MARRON

Since beginning as a shelter volunteer, Sara Girovasi-Marron has quickly become a leading member of the Doorways volunteer program. Sara teaches new volunteers, designs outlines and volunteer training tools, and speaks at public events to spread our mission. For going beyond the call, Sara received our 2005 Individual Unsung Hero Award.

Lending a Helping Hand

Thank you to the following churches, businesses, schools, civic organizations and volunteer groups for in-kind support provided to Doorways in 2005. Thank you also to the more than 300 individual volunteers who contributed their time and talents. You are all heroes to the women and families who together we serve.

Thrift Shop Goes Online At Ebay

Our Thrift Shop reached a huge new audience when it began selling donated items on eBay. Working in partnership with ezAuctioning, a local marketer, we sold high-end valuables such as fur coats, antiques, musical instruments, and jewelry. The auctions raised \$10,000 in 2005. The Thrift Store also marked its first anniversary in its new location at 5643 Lee Highway in Arlington.
