

# Safety Net Arlington

## Statement of Support for our Asian American Pacific Islander Neighbors from Arlington's Safety Net Nonprofits

March 24, 2021

As organizations supporting marginalized people in our community, we condemn xenophobia of all kinds. We stand in solidarity with our Asian American Pacific Islander community members, especially as they face rising incidences of harassment and violence. We continue to work toward the well-being and inclusion of people of all races, ethnicities and religions, and to use our voices to elevate their dignity and humanity.
